- Stephen G. Maddox, M.D. is hired as the Clinical Director of Child Study Center.

1972

- Child study Center implements a Special Education Program for emotionally disturbed children.

1975

- Child Study Center receives accreditation by the Joint Commission on Accreditation of Healthcare Organizations in both its Developmental Disabilities and Emotionally Disturbed Children’s divisions.

1976

- Child Study Center collaborates with Head Start to provide speech and educational consultation as well as diagnostic evaluations to children at risk for developmental disabilities.

1977

- Child Study Center opens a Genetics Clinic in cooperation with the Texas Department of Mental Health and Mental Retardation Genetic Screening and Counseling Service.

1978

- Child Study Center initiates the High Risk Infant Program known as the Child Development Program.

1980

- Child Study Center begins receiving support from the United Way of Johnson County and the United Way of Denton County.

1981

- Child Study Center establishes its Endowment Fund.

1982

- All children's services provided by the Easter Seal Society, along with seventeen employees, are transferred to Child Study Center.

1986

- In cooperation with Chi Omega and Gill Children's Services, Child Study Center expands its dental services to include typically developing indigent children with dental problems.

1987

- Child Study Center adds the Auditory Brainstem Response (ABR) evaluation for infants suspected of having hearing loss.
- Child Study Center develops parent education program.

1989

- Child Study Center's school becomes accredited by the Southern Association of Colleges and Schools.

1991

- Stephen G. Maddox, M.D. retires and Robert Van Dervoort, M.D. is named Clinical Director.

1992

- Child Study Center's school becomes accredited by the National Academy of Early Childhood Programs.
- Child Study Center initiates the CONNECTIONS/collaboration program with the Fort Worth public schools and several other community agencies for creating a model to provide health and social services within at-risk elementary schools.

1993

- Construction begins on a major expansion and renovation of the original building.

1995

- Opening celebrations are held for the completion of the building expansion and renovation. The project includes a second floor addition and the remodel of the first floor.
- The first annual Children's Golf Classic is held to benefit the Children's Care Fund.
- Child Study Center begins the operation of the Extended School Program (ESP) to provide before- and after-school care for students enrolled in the Child Study Center's school.

1996

- Child Study Center offers its first community-wide seminar for parents and professionals to address concerns about children with learning disabilities.

1998

- Larry D. Eason, founding Executive Director of Child Study Center, retires after a 37-year career.
- Frank R. Brown, III, Ph.D., M.D., assumes the responsibilities of President/CEO and Medical Director.

- The Babies First program begins as part of the CONNECTIONS/collaboration program which emphasizes the development of a child's brain and the importance of prenatal care and stimulation during the first three years of life.
- Child Study Center Foundation is formed to provide asset management oversight, as well as to raise and manage charitable funds for the benefit and support of Child Study Center.
- Frank R. Brown, III, Ph.D., M.D., resigns due to health reasons.

1999

- Joyce Elizabeth Mauk, M.D., is appointed Child Study Center President/CEO and Medical Director.
- Libby Dotson is appointed the first president of Child Study Center Foundation.
- The CONNECTIONS/collaboration expands to nineteen at-risk elementary schools.
- Child Study Center is approved as a United Way of Hood County supported agency.
- The Neonatal Intensive Care Graduates Follow-Up Clinic (NIGrads) becomes a part of Child Study Center.

2000

- The Boys Town USA social skills and classroom management curriculum was implemented in Child Study Center's school.
- Child Study Center added neuropsychology services to its treatment options.
- A scholarship program is established for children enrolled at Child Study Center's school.

2002

- The Department of Applied Behavior Analysis is created to help children with developmental disabilities acquire new skills and reduce problem behavior.
- A strategic plan is adopted to refocus services offered at Child Study Center on the agency's mission of serving children with developmental disabilities. The CONNECTIONS/collaboration program transitions to another community agency and the Dental Clinic's focus becomes children with developmental disabilities.

2003

- Party on the Patio is added as a fundraising event for Child Study Center's Patient Care Fund.

2004

- Anthony Cammilleri, Ph.D. is hired as Director of Child Study Center's school.
